WORK EXPERIENCE

INTERN
Jyothi consultancy service

2023 - Present   *Thrissur, India*

Achievements/Tasks

- The Jyothi Bus Management System, built with PHP and CodeIgniter, streamlines passenger management through an efficient web interface.
- Hostel Management System, built with the MERN stack, automates student enrollment and fee management with real-time reporting and a user-friendly interface, enhancing efficiency and scalability for college hostels.

PROJECTS

Hostel Management System (2024 - Present)
- Developed Hostel Management system which automates student enrollment and fee management with real-time reporting and a user-friendly interface, enhancing efficiency and scalability for college hostels.

Hand Control -Machine Learning (06/2024 - 07/2024)
- Developed a machine learning project that enables mouse control, keyboard typing, and sentence creation using hand gestures. The system interprets hand symbols to perform these functions, providing an intuitive and hands-free interaction experience.

Online Food Ordering System (02/2024 - 05/2024)
- Developed Web app Online Food Ordering System (Mini Project) for Staffs and Students to order food from college canteen from anywhere through online

Jyothi Bus Management System (08/2023 - 12/2023)
- Worked as an Intern in Jyothi Consultancy Service.
- Developed and implemented the Jyothi Bus Management System using PHP and Codeigniter.
